

Professional Program : 51

Course Name	Statistical Analysis and Problem Solving
QP Name & QP CODE	Introduction to Statistical Analysis and Problem Solving – HCLT/N0029/IT/2024
Course Code	G51
Course Duration	30 hrs
Credit	1
Sector	IT-ITeS
NSQF Level	5
Description	In the role of data engineer, one should understand and apply various statistical tools and develop a detailed understanding of basic statistical concepts.
Progression Pathway	Data Engineer, Data Analyst, Data Scientist, Principal Data Scientist
Qualification	Pursuing UG 2nd year(No experience)
Mode Of Training	Offline Mode & Hybrid Mode
Department	Maths, Management, Economics & Statistics
